ABOUT US

Founded in 2021, Gioia is a luxury leather goods brand founded with the belief that true happiness lies in relationships that stand the test of time.

With the experience of crafting leather goods for luxury brands for three decades, the brand aims to couple high-quality materials with their skilled artisans and factories, and ultimately design collections to last - an ode to the ones who stick with you through thick and thin.

QUALITY

With timelessness and care as our core values, we view quality as non-negotiable and let it inform our decisions on everything from design to the curation of materials.

At Gioia, in line with our values, we decided on Leather Working Group certified leather as our core material given its durability and biodegradability. Crafted in legacy factories with a rich history spanning three decades, our collections carry the esteemed recognition earned by these facilities from luxury brands worldwide.

Our skilled artisans, globally applauded for their finesse, bring an unparalleled attention to detail to each creation. Their craftsmanship is nurtured in Sedex-certified, state-of-the-art factories that prioritize optimal working conditions, which ensures Gioia's collections not only spread joy to our community, but also to the craftsmen making them.
